Kissick Industrial Sales & Solutions, founded in 1946, is a professional Manufacturers' Representative Company serving the Power Generation, Process, Mining and Environmental Industries. We are committed to providing Clean Energy Solutions to meet our customer's ever-changing needs.

Whether it is improving performance, increasing reliability, reducing emissions, or providing environmentally friendly systems, Kissick Industrial has the solution for you.

Alfa Laval

Plate-Style Heat Exchanger ❖ Plate Evaporator ❖ High-Speed Fuel Oil Separator ❖ Lube Oil Conditioning ❖ Plate Condensor ❖ Shell & Tube Heat Exchanger

Atlas SSI

Traveling Water Screens – Thru Flow or Dual Flow Designs ❖ 316B Compliant Screens (Meets Entrainment & Impingement Regulations) ❖ Atlas Landy Trash Rake – Monorail Style ❖ Rebuilt Screens ❖ Replacement Parts For All Makes & Models ❖ On-Site Service To Repair or Rebuild All Makes & Models ❖ Bar Racks

Bachmann Industries

Process and Exhaust Gas Controls Solutions ❖ Gas Turbine Exhaust Systems ❖ SCR Damper Systems ❖ FGD Damper Systems ❖ Expansion Joints ❖ Dampers

BendTec

Complete Fabrication & Bending Capability of High & Low Pressure Piping Systems

Power Industry - New Piping Systems for New Construction Projects ❖ Replacement Piping Systems for Retrofit & Life Extension Projects

Pipeline - Piping Bends for both Above & Underground Piping Systems ❖ Fusion Bond Epoxy Coatings ❖ Segmentable Bends

Induction Bending - Capability up to 66 Inches in Diameter and Wall Thicknesses up to 6 Inches

Ceram

SCR Catalyst Life Management using their proprietary CAT Life Program ❖ Strong Engineering Background to solve SCR issues ❖ Reactor Inspections ❖ Ammonia Injection Inspections ❖ Engineering Review of original design and present day operating conditions ❖ Catalyst Testing ❖ New Catalyst for Gas and Coal: Honeycomb and Plate Style

Duechting Pumps

FGD – Absorber Recycle Pump up to 75,000 GPM ♦ Non Metal Wet End Miscellaneous FGD Slurry Pump ♦ SICast – Silicon Carbide Wet End Components, Extreme High Corrosion & Abrasion Resistant ♦ SIConit – Repair, Silicon Carbide Wear Resistant Upgrade Material ♦

EnergyLink Corp

Catalyst systems for NOx and CO Control ♦ Gas Turbine Auxiliary Systems ♦ Noise Management Systems - Engineer, Design, Build and Guarantee ♦ Tunkey Buildings, Barriers and Enclosures ♦ Noise Control Engineering Services and Retrofit Services

Expansion Seal Technologies Group, Inc.

Hydrostatic Test Plugs ♦ Grip Tight High Pressure Test Plugs ♦ Double Block & Bleed Isolation Plug ♦ Heat Exchanger/Condenser Tube Plugging/Testing Systems ♦ Pop-A-Plug II High Pressure Tube Plugs ♦ Field Services

Prime Turbine Parts

Premium Source for Gas and Steam Turbine Replacement Parts

Gas Turbine - Consumables ♦ Bearings & Seals ♦ Combustion ♦ Hot Gas Path & Rotor ♦ Compressor Replacement Parts

Steam Turbine - Consumables ♦ Major Valve Components ♦ Bearings & Seals

Trillium Flow Technologies

Atwood & Morrill - Parallel Slide Gate Valves ♦ Wye Pattern Globe Stop and Non-Return Valves ♦ Pressure Seal Valves 6" & up ♦ Cold Reheat Check Valves ♦ Extraction Steam Free Flow Reverse Current Check Valves ♦ FCC Compressor/Blower Check Valves ♦ Trip Throttle Valves ♦ Repairs ♦ Spare Parts ♦ Upgrades

Blakeborough - Turbine Bypass Systems ♦ Critical Service Control Valves

Batley - Butterfly Valves

Sarasin-RBSD - Safety & Safety Relief Valves

BDK - Low Pressure Ball, Gate, Globe & Check Valves

Wood PLC (Aftermarket Service Group [Legacy Foster Wheeler Aftermarket Services Group])

Full range of experience and capabilities necessary to provide engineering, design, equipment upgrades, in-kind spare parts and technical field service for Steam Generation/Boiler/HRSG equipment ♦ Provided on legacy Foster Wheeler designed equipment as well as "all" original equipment manufacturer's equipment. ♦ Serving Utility, Industrial, Pulp and Paper, Refinery, Central Heating, Waste to Energy, Mining and other Process Industry Sectors.
